Prof. Martin van Hagen

Prof. Martin van Hagen is an internist-immunologist at the Department of Internal Medicine. He serves as the Head of the Clinical Immunology Unit at Erasmus Medical Center in Rotterdam and is also a staff member at the Rotterdam Eye Hospital. Additionally, he holds the position of Visiting Professor at Chulalongkorn University in Bangkok, Thailand. He is the Vice-Chair of IPOPI's Medical Advisory Panel. Prof. van Hagen is an expert in diagnosing and treating patients with immune-mediated diseases. His department takes care for approximately 4000 patients with well-defined rare immune diseases.
